MARCH 2021

# OCC PRESIDENTIAL MESSAGE

Hi everyone!

Just another update on activities we have been working on. We have assembled almost a dozen members to create a membership task force.

We are planning for an on-time start this coming season but we are also planning for a decrease in membership. Many people have found other things to occupy their time, or plan on going south and curling may not be on their list of things to do.

We are also working with the city to reduce our costs where ever possible. With that said, we need your help. Between now and the start of curling in October, we need as many members as possible. Spread the word and invite as many of your friends as possible to come out and try, and hopefully join.

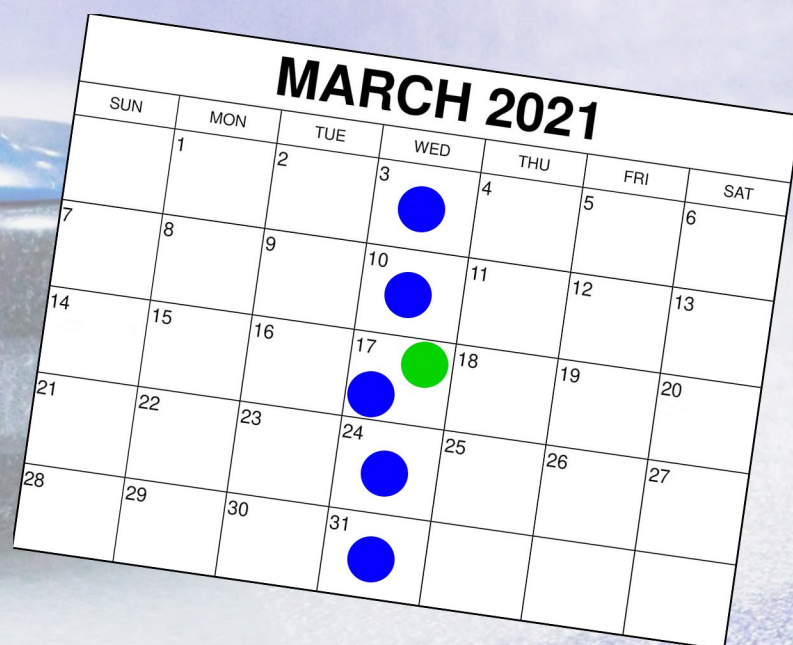

We will be passing information and ideas along to you throughout the next several months leading up to opening day, but it's never too early to get the word out.

# HOMEMADE SHUFFLEBOARD

Paul and Elizabeth, along with their son Cameron, created a backyard rink for shuffleboard. The “pucks” are made of plumbing drain caps filled with coloured ice. Paul also made custom shuffleboard sticks to go along with the custom rink. The target is painted into a bed sheet and flooded over. Liz even ironed the bed sheet beforehand so it lay nice and flat. Hahahaha!
